

## EQUAL OPPORTUNITIES / VALUING DIVERSITY

One of the conditions of Registration to provide services for children under 8 is to provide these services within the Equal Opportunities expectations of the Council. You will need to agree to work towards equality through adherence to a policy for your service which reflects the Council's statement.

### Camden's Equality Statement

Camden values the positive contribution made by the Borough's diverse community to its social, cultural and economic life. Camden Council also recognises the different forms of oppression that particular groups suffer.

Camden Council aims to PROMOTE equality of opportunity and PREVENT discrimination in its provision of services and in its employment practices.

### Equal Opportunities In Services For Under Eight's

Camden Council recognises that those involved in providing services for children under eight may already be addressing the issues of discrimination and equal opportunities and developing and implementing equal opportunities policies. In order to help identify some key issues in our approach to services for children, principals have been identified which aim to provide a service based on quality and equality.

- Quality child care must be based on the absence of discrimination and the positive valuing of each child.
- Children, parents and carers all have the right to a service that does not discriminate against people on any grounds, e.g. race, gender, disability, HIV positive status, homelessness, class or because the parents or carers are lesbians or gay men.
- All child care providers have the responsibility to:
  1. Challenge discrimination
  2. Develop and provide anti-discriminatory child care services
  3. Establish a programme and curriculum which values and respects the diversity of Camden's communities
  4. Positively promote equality of opportunity in the provision of the service.

### STATEMENT OF AGREEMENT

The staff and management committee of Hampstead Community Centre have read and understand the above statement and agree that in providing a service for children under-eight will make every effort to do so in accordance with the principals of equal opportunities which are set out in this statement.

Hampstead Community Centre provides a child centred, fully inclusive play centre in a welcoming environment.

The play centre offers a wide range of activities including sports, hall games, arts & crafts, quiet area and cooking specifically aimed at children aged 4-12 years provided by a team of qualified and experienced staff.

A separate application form needs to be filled out for each play scheme and the after school club – available from the Centre & website.

Information about each service is on the following pages.

- Pages 2 & 3: After School Club
- Pages 4 & 5: Holiday Play schemes
- Page 6: Complaints & Child Protection

## COMPLAINTS PROCEDURE

### What is a complaint?

A complaint is an opinion you give us about a service you are not happy with. It will be about something the Centre didn't do after it said it would, or something it did wrong, or something it has taken too long to do. It could also be about when you were not treated well by a member of staff. If you do not get the service you ask for, then you may make a complaint under the complaints procedure.

### How does the complaints procedure work?

- ① Complain first to the Senior Leader in Charge.  
They should respond within 5 working days and deal with your complaint.
- ② If that proves unsatisfactory, you have the right of appeal to the Centre Co-ordinator. They will review your case and reply within 10 working days.
- ③ If you fail to gain a satisfactory outcome you can appeal to the Management Committee, which will investigate and order that a suitable remedy is implemented.

Parents/carers can contact Ofsted on 0300 123 1231

Any complaint will be treated in the strictest confidence.

## CHILD PROTECTION STATEMENT

Child abuse occurs in all groups within society. It occurs within all ethnic, cultural and religious communities and in all classes.

Under the Law playworkers MUST put children's interests first and Children's safeguarding and social care MUST be informed if child abuse is suspected.

It is NOT a playworkers role to investigate child abuse. Only Children's safeguarding and social care Departments, the NSPCC and the Police have the statutory power to investigate when a child is considered to be at risk.

Careful records must be kept of any suspicion, allegation or incident as soon as possible, but definitely within 24 hours. Fact must be clearly separated from opinion in all recordings.

All reports must be kept confidential except for child protection purposes.

## **Holiday Play Schemes Information - Please read**

Priority is given to working parents/carers and full time students who are also entitled to the Camden subsidy, children living in temporary accommodation, children with disabilities, children in need, Camden residents and those registered in the term time After School Club.

Parent/carer wishes are taken into account and all information about the child is available to the parent/carer on request but otherwise kept confidential.

All parents/carers must register their child in the morning and must sign the 'signing out' register on leaving the premises. Children are not allowed on the premises before 9am and only those children registered for the extended day may arrive at the Centre before 11am. Parent/Carers who collect their children late or drop them off early will incur extended day charges.

If a child is collected after 6pm the parent/carer will be charged an extra £5 if collected between 6pm – 6.15pm and £5 for every subsequent 15 minutes the child has not been collected. Please read the procedure on late collection of children (displayed on the play scheme notice board).

Children are not allowed to leave the premises unless accompanied by a member of staff. Over 8s may go home unaccompanied only when consent has been given on the application form.

Children will require a packed lunch each day. Parents are advised to send packed lunches in "cool bags" especially when containing meat and dairy products. If additional food is packed for the afternoon (encouraged for children on extended day) it is advised that it does not contain meat or dairy products. The Centre encourages fruit as an alternative to sweets and chocolate and water instead of fruit juices and sweetened drinks. No glass bottles, chewing gum or nuts.

Playworkers are not permitted to apply sun cream (without permission), please make sure your child is adequately protected from the sun especially when on trips out.

Please ask your child to look after their belongings and not bring toys or personal possessions to the Play scheme as staff cannot be held responsible for lost property.

The programme for the scheme is designed to reflect the social and cultural diversity of the children attending.

A Parent/Carer consultation form and child satisfaction survey will be distributed during the scheme; the feedback from these surveys and children's circle time helps us to continue to improve the service.
